

Windows®. Life without Walls™. Lenovo® recommends Windows 7.

LEARNING

EFFORT

THINKPAD® NOTEBOOKS NOW COME WITH LENOVO ENHANCED EXPERIENCE FOR WINDOWS® 7 TO ENSURE A FAST, EFFECTIVE AND SUPERIOR LEARNING EXPERIENCE.

**MORE MANAGED** – Lenovo and Windows® 7 allow administrators to limit applications loaded, thus creating PCs optimised for learning. Lenovo's ImageUltra™ technology allows you to manage one image for multiple hardware platforms.

**MORE SECURE** – While Lenovo's auto-encrypting drives keep data safe and easy for users, the fingerprint reader allows biometric security implementations.

**FASTER** – Lenovo Enhanced Experience PCs run, sleep and resume significantly faster than Windows® XP or Windows Vista®-based models.

**eLEARNING** – An integration of Microsoft® Office Communicator and Skype along with light-adaptive cameras, high-quality speakers and microphones enables engaging eLearning, easily.

**EASIER** – Lenovo's ThinkVantage® Technologies have been further optimised for Windows® 7 and help make working, printing and connecting easier.

**MORE ENGAGING** – An improved toolbar and Media Centre make Windows® 7 more fun, balanced and functional for educators and students.
